

## Brief Information About Written Consent

If you want to support your local mosque and the National Association Islamic Cultural Center Union in Sweden (IKUS) with a mosque fee through the Swedish Tax Agency, you need to submit a written consent (see the form below). The consent is valid for the entire calendar year and does not need to be renewed. If you wish to change which local mosque your fee goes to, you can do so at any time. When we have received your consent by mail, you will receive a written confirmation. The same applies to any changes you want to make to the consent by mail.
